## **TECHNICAL SPECIFICATION**

### **4EVERFRESH TOILET CLEANER / DESCALER**

A powerful viscous acid descaler for use in toilets. It contains a blend of hydrochloric acid, non-ionic surfactants, viscosity modifiers and water soluble dyes.

#### **Features include:**

- Removes scale and staining from vitreous ceramic surfaces.
- Highly viscous which allows product to cling to inclined and vertical surfaces. Clinging action gives greater contact time hence making product more effective.
- Safe for use on porcelain glass like toilet pots and wash-hand basins.
- 1Lt bottle with a flip top cap to project product around rim of toilet.
- All surfactants used are biodegradable and phosphate free.

#### **PROPERTIES:**

Appearance @ 20°C

pH (neat)

Odour

Specific Gravity @ 20°C

Flammability

#### **SPECIFICATION:**

Dark blue, clear, highly viscous liquid

1.0 +/- 0.25

Characteristic

1.022

Non-flammable

#### **DIRECTIONS FOR USE:**

- Users should always ensure that any surface to be cleaned is resistant to product by testing a small inconspicuous area before beginning general cleaning.
- Apply a small quantity (squirt) along the top of the surface to be cleaned.
- Allow the liquid to run down along the surface until completely covered.
- Let sit for several minutes to allow acids to breakdown limescale.
- Brush vigorously, then rinse with water.
- DO NOT USE on enamel baths or marble surfaces. All equipment should be resistant to hydrochloric acid.

#### **STORAGE:**

Store in original container and protect from extremes of temperature. Do not store in direct sunlight nor allow the product to freeze. Shelf life (in unopened original container) is a minimum of 18 months. Do not use with chlorinated products as they will react to give off toxic gas.

#### **SAFETY ADVICE:**

Under the new GHS Standard this product is classified as Corrosive. Please refer to section 2.2 of the Safety Data Sheet for more information.

#### **PACK SIZES:**

12x1L case (64 per pallet)
